Subject: Letter of Recommendation

Dear Ethan,

On behalf of Affordable Housing I would like to thank you, your team and your company for acting so professionally and courteous throughout the whole claims process. Loosing a house in a fire can be very stressful, but from the first moment you and Gary were directing my partner and I with every move and taking most of the burden away from us. It was incredible that you treated us as well as you would a client that had millions of dollars in damage, and you never over promised. It was really great working with you, and I would be glad to talk to any prospective clients about the details of services and support you gave us, thank you.

Sincerely

Jeff Polter
